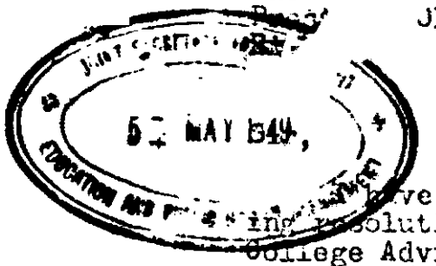
Rao
K.T.[illegible],
Old Boys Assn.

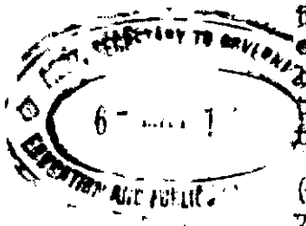
Government College, Mangalore,
Dated [illegible]-4-1949



I have the honour to bring to your kind notice the follo[illegible] resolutions passed at a joint meeting of the Government College Advisory Committee and the Old Boys Association Managing Committee held on 20-4-1949.

Resolved to approach Government with the request that

(a) the proposals of the Principal submitted by him in Oct '48 1948 to start the B.Sc. courses in the College be given effec fo from the beginning of the academic year 1950 itself, especially on the ground that adequate facilities are solely lackin, in this District for the study o[illegible] Science subjects fo the Degree courses by the students of this District who have take[illegible] Science subjects in the Intermediate Course.



(b) Physics may be offered from the beginning of the Academ year 1950 as a Part III of the B.A. Degree course.

34809

(c) Early orders may kindly be passed with-drawing the Government Order prohibiting the admission of girl students into this Colleg for courses of studies which are available in the Local Women's College, especially because so far as th South Kanara District is concerned, the said order is unnecessary and works adversely to the interest of the public not to say that it is against the fundamental rights of the citizens of this District.

It was also resolved to appoint a committee composed of undermentioned persons to convey the resolutions to Governmen and other authorities and also to head a deputation to the Hon'ble Minister for Education when an occasion arises.

1. Rao Bahadur Sri. K.T.Alva, Convenor.
2. Sri. U.Mangesh Rao.
3. Sri. M.Venkatesh Pai.
4. Sri. B.Vaikunta Baliga.
5. Dr. K.Nagappa Alva.

Yours faithfully,

K. T. [illegible]

To the D.P.I.

27.7.49

2. As facilities for Science courses are quite inadequate for the district, it is desirable to start at least B.Sc. physics & Chemistry Main & subsidiary in the Government College, Mangalore. This is however possible only after the new buildings referred to-item (a) & (b) are completed. If Government agree, proposals for the construction of these buildings will be submitted to Government as part II schemes for 1950-51. The courses ~~should~~ could be started from the beginning of the academic year 1951-52.

3. In regard to the request of the old boys Association to provide Physics under Part III of the B.A.course. the Principal points out that physics subsidiary (common for both B.A. & B.Sc.) could be provided with very little cost to Government as the old High School laboratory filled with ~~book~~ tables etc is available. This proposal

his proposal is being examined further and will be submitted in connection with the Part II schemes for 1950-51.

---

27 SEP 1949 74923

In continuation of my letter referred to above, I have the honour to submit for the favourable consideration of Government proposals for the starting of the following new courses in the Government College, Mangalore in connection with Part II of the Budget Estimate for 1950-51.

1. GROUP II MATHEMATICS WITH PHYSICS SUBSIDIARY IN B.A.:-

One of the proposals suggested by the Old Boys Association was the starting of Group II Mathematics with Physics Subsidiary in B.A. course. The Principal points out that the present staff is provided with very little cost to Government as the High School Laboratory fitted with bench-tables, gas and water supply is available. It is proposed to admit 24 students. There will be no need for additional staff in 1950-51 but in 1951-52 another Assistant Lecturer in Physics will be required. In regard to equipment, the Principal has asked for a non-recurring grant of Rs.10,000 and a recurring grant of Rs.1,000/-. As accommodation is available and as B.A. Physics Subsidiary will be common to the B.Sc. course, which is also proposed to be provided, I recommend that the College may be affiliated in B.A. Group II Mathematics with Physics subsidiary from the academic year 1950-51. The cost of the proposal is detailed below:-

1950-51:

Non-Recurring:

Equipment: Rs. 10,000

1951-52:

Recurring:

1 Assistant Lecturer in Physics	150 x 8	1,200
Dearness Allowance	34 x 8	272
Equipment		1,000
		2,472 or
		Rs.2,500/-

ULTIMATE COST:

1 Assistant Lecturer	205 5/9 x 12	2,467
Dearness Allowance	34 x 12	408
Equipment		1,000
		Rs.3,875 or
		Rs.3,900/- per year

+11 x 1

The fee income to Government will be Rs.3,294/- in 1950-51 and Rs.6,588/- per year thereafter on the presumption that 50% of the students will receive concessions under rule 92 of the I.E.Rs.

2. ADDITION IN URDU FOR PART II OF THE I.T.L. DATE AND B.A. COURSES:

So far there is no provision for the teaching of Urdu or Arabic in the College. It has been represented that there are a number of High Schools in the District providing for the teaching of Urdu and Arabic and that for want of provision for the subjects in the College several students are obliged either to leave the District to join the other colleges where these languages are provided or discontinue their studies. It has also been represented that even if the number of students for the present may not be very large, such number should not be made the basis for rejection of the reasonable demand of the public. There are now two Government Colleges on the West coast, namely the Government Brennen College, Tellicherry and Government College, Mangalore. The former College is affiliated in Arabic and Urdu upto the Intermediate only. In view of the uneconomical strength of the classes and the comparatively greater demand for Arabic in the locality, Urdu will be discontinued in Tellicherry College from the next year and proposals are being submitted separately for the affiliation of the College in Arabic for Part II of B.A. course from the next year. In regard to Government College, Mangalore, the Principal has given preference to Urdu. Provision for the teaching of Arabic in the Tellicherry College and Urdu in the Mangalore College will meet the needs of the West Coast. I recommend that the Govt. College, Mangalore may be affiliated in Urdu for Part II of the Intermediate and B.A. courses from the next academic year. In making this proposal, I suggest that the strength for new language classes prescribed in G.O.No.369 Edn. dated 11-2-1949 need not be rigidly applied in regard to Arabic and Urdu in Government Brennen College, Tellicherry and Government College, Mangalore.

The proposal involves provision for an addition one in 1951-52. It is expected that the strength of Junior classes will be 10 to start with i.e. 10 in Intermediate and 10 in B.A. One Assistant Lecturer and one Munshi shall be employed in 1950-51 and 1951-52 respectively. The cost of the proposal is indicated below.

1950-51:

		Rs.
Recurring:		
1 Assistant Lecturer in Urdu	150 x 8	1200
Dearness allowances	34 x 8	272
Non-Recurring:		
Library books		500
Furniture		1,500
		Rs. 3,472 or 3,500/-

1951-52 (Additional cost)

Recurring:		
Urdu Munshi	80 x 8	640
Dearness Allowance	24 x 8	192
Non-Recurring: Furniture		1,500
		2,332 or Rs. 2,300/-

Fifth year cost:

1 Assistant Lecturer	205 5/9 x 12	2,467
1 Munshi	137 x 12	1,644
Dearness Allowance	58 x 12	696
Books		100
		4,907 or Rs. 4,900/- per year

I am including the necessary provision in Part II of the Budget Estimate for 1950-51.

The proposals submitted by the Pricipal for the opening of groups V Kannada in the B.A.Course and for the starting of B.Sc. courses should be deferred till the college is provided with additional buildings.

Yours faithfully,

For Director of Public Instruction.

EDUCATION DEPARTMENT.

From

The Director of Public Instruction,
Madras.

To

The Secretary to Government,
Education & Public Health Department.

Roc No. 1283 K1/49 dated 27.9.49

Sir,

Subject: Buildings - Govt. College, Mangalore - Construction of additional buildings at an estimated cost of Rs 97,000/- proposals - submitting

Reference: My letter Roc No. 730 K.2/49 dated 14-8-49

75384

--

In continuation of my letter quoted above, I have the honour to submit for the approval of Government and provision of funds in the budget for 1950--51, the following proposal for construction of additional buildings for the Government College, Mangalore.

2. Proposals for constructing additional buildings for the College at a total estimated cost of Rs 1.73 lakhs, were submitted to Government last year with my letter Roc No. 760 F4/48 dated 29.9.48, but Government in their Memo No. 72815-3/48-A Edn. dated 10.11.48 ordered that they should be deferred.

3. In my letter Roc. No. 703 K2/49 dated 14-7-49 I have already pointed out that the existing facilities for Science courses, in the District of South Kanara are quite inadequate, and that it is desirable to start at least B.Sc. Physics and Chemistry Main and Subsidiary in the Government College, Mangalore. There is great demand for the starting of these courses. It is not however possible, to start the new courses in the College without providing additional accommodation at an estimated cost of Rs 97,000/- as shown below :-

i	Construction of a new storeyed building (100' x 40') for the Science laboratory to the south of the existing one. Estimated cost	Rs 60,000
ii	Provision of a first floor to the existing Scienc Laboratory. Estimated cost	Rs 28,000
iii	Cost of water supply, sanitary fittings etc. (10% of the cost) ~~Estimated cost~~	Rs 8,200
	Total	Rs 97,000

I therefore request that Government may kindly accord their approval to the proposal for the construction of additional buildings for the Government College, Mangalore at an estimated cost of Rs 97,000/- and provide necessary funds for the purpose in the budget for 1950--51. The new courses could be opened in the College with effect from the academic year 1950--51 if the construction of the additional buildings is completed by July 1950.

Yours faithfully,

for Director of Public Instruction

In the proposals submitted in my letter R.O.C. 730 K2/49 dated 20-9-1949 I recommended only an Assistan Lecturer in Physics in 1951-52. The University Inspecti Commission who inspected the College hav stipulated the employment of a Demonstrator in 1950-51 as the existing staff of 2 Assistant Lecturers and one Demonstrator in th subject will not be sufficient. I request that Governmer may kindly sanction the employment of a Demonstrator in Physics from 1950-51.

2. In regard to equipment for the new course, the Commissioner have suggested an expenditure of Rs. 16,000/- (Rs. 15,000/- for laboratories equipment and Rs. 1,000/- for books) as against Rs. 10,000/- provided in the proposals submitted by me. I am suggesting to the University the desirability of spreading the entire expenditure over a period of two years as it may not be possible to spend the entire amount in 1950-51. On receipt of a reply a further report will be submitted.

Yours faithfully,

for Director of Public Instruction.

In continuation of my letter ROC.No.730-K.2/49 dated 24-4-50, I have the honour to state that the University has agreed to my suggestion to spread the stipulated expenditure of Rs.15,000/- on equipment over a period of 2 years i.e. Rs.10,000/- in 1950-51 and Rs.5,000/- in 1951-52. Necessary provision for Rs.5,000/- in 1951-52 will be included in Part I of the Budget Estimates. As regards the stipulation of the University for a non-recurring expenditure of Rs.1000/- on books, I am instructing the Principal to incur the expenditure in the normal course and apply for additional funds in the course of the year.

Yours faithfully,

for Director of Public Instruction.

Rc.No.292 A2/50 dated 25th May 1950.

Sir,

Sub:--Colleges--Government College--Mangalore--B.A. Group ii--a Mathematics (Main) and Physics (subsdiary) course to be opened during 50-51 Purchase of laboratory articles--Sanction--Requested.

Ref:--G.O.1281 Education dated 20-4-50.

*****

In submitting herewith a copy of the endorsement Rc.No.1045-A/49 dated 15-5-50 of the Principal, Government College, Mangalore, I request that Government may sanction an expenditure not exeeding Rs.10,000/- for the purchase of laboratory articles required for the new course to be opened in the College during 50-51. The total cost of the indent comes to Rs.15,000/- but the Principal will be asked to limit the expenditure to the budget allotment available. The detailed indent is retained in this Office.

Yours faithfully,

D. Ramachandra

Issue

19/6/50

Sub:- Colleges - Government College, Mangalore
Opening of new courses and construction of additional buildings.

Ref:- From the D.P.I., No.730-K2/49, dated 20-9-49, 27-9-49 and 4-10-1949.

The D.P.I. has submitted proposals for the opening of new courses in the Govt. College, Mangalore and for the construction of additional buildings for the college for consideration as Part II Schemes for 1950-51.

2. Opening of new courses:- (1) The Director proposes to open Group II Mathematics with Physics, subsidiary in the B.A. Course in the College with effect from 1950-51. No additional staff is require in 1950-51, but one Asst. Lecturer for Physics will be required in 1951-52. An expenditure of Rs.10,000/- non-recurring and Rs.1,000 recurring will have to be incurred on equipment. Necessary additional accommodation is reported to be available. A fee income of Rs.3,294/- in 1950-51 and Rs.6,588/- in latter years as anticipated.

(2) The Director also proposes to get the college affiliated in Urdu under Part II of the Intermediate and B.A. courses from the next academic year. It is stated that an addl. room will be required in 1951-52. Its cost has not been furnished. The details of the addl. staff to be employed, the expenditure to be incurred on equipment, books, etc. are given in para 2 of the Director's letter dated 20-9-49. There will be no addl. fee income to the Govt., as the new subject to be opened is under Part II. The ultimate cost to the Govt. on account of the above two proposals is Rs.8,800/- p.a.

3. ~~(3)~~ Construction of additional buildings:- The Govt. deferred last year a proposal to construct addl. buildings for

he college at a cost of Rs.1.73 lakhs. The then H.M.(Edn.) inuted in that connection that the public of Mangalore agree o his suggestion that they should come forward with an offer o contribute ~~xxxxxxx~~ at least half the cost of constructin ddl. buildings required for the Govt. College there and that he proposal to construct addl. buildings for the college hould therefore be deferred for the time being and need be aken up again only when the public of Mangalore come forward ith the promised contribution. The D.P.I. was informed accor he Director now proposes that the college may be provided — ith addl. accommodation at a cost of Rs.97,000/- in order hat B.Sc. Physics and Chemistry Main and Subsidiary courses ay be opened in the college

4. The conditions referred to in the late H.M.'s minute — emain as yet unfulfilled. (It may be noted here that) ~~But~~ in connection with a Legislative Assembly Question, the Govt. have stated that they would ~~xxxxxxxx~~ construct addl. buildings (for govt. colleges) where they are absolutel ecessary, whether the local people contribute or not. n the present financial stringency in which Govt. find themselves, it does not seem that the question of constructing ddl. buildings for the (Govt. Mangalore) college need be taken up now. Even he question of opening the new courses proposed by the Director may, it seems, be deferred, as even last year, while ubmitting proposals for addl. buildings, the D.P.I. stated hat the existing accommodation was not entirely sufficient or the courses already provided. Though the Director now tates that ~~the~~ accommodation is sufficient for the proposed ourses, the University may later on insist on the provision of ddl. accommodation, as has been the (experience) ~~case~~ in so many other ases and the Govt. will then find themselves in an embarrassi osition. In the circumstances, it is for ~~xxxxxx~~ consideratı hether the proposals of the Director for opening new courses n the College from 1950-51 as also for the construction of addl. buildings may be deferred. P.W.D. and Finance may see

I agree with A.C.
Probably the courses proposed
are available at the
Oriental College (St Aloysius)
As a general principle, Govt should
not duplicate courses
unless there is evidence
that the existing provision
is inadequate

H.M. (Agn) At any rate the new courses proposed for which no addl accommodation is necessary may be agreed

— 5/11

I agree with H.M. (Edn & L)

5/11

It is presumed that H.M.s. (Edn. & L.) & (Agr.) are agreeable to the suggestion that the proposals for addl. buildings & other Govt. College, Mangalore, may be deferred.

As regards opening of new Courses, there are two proposals viz. - (1) Opening of Group II Mathematics with Physics Subsidiary in the B.A. Course, and (2) Affiliation in Urdu under Part II of the Intermediate and the B.A. Courses. vide 1st minute of H.M. (Edn. & L.) above, it may be noted that the Director states that the necessary accommodation is available for the first proposal and that for the second proposal, only one addl. room will be required in 1951-52. (para 17 of) In the circumstances, and in view of the minutes of H.M. (Edn. & L.) & H.M. (Agr.) above, both the proposals may be considered for inclusion in Part II Scheme for 1950-51. The file may be circulated to H.M. (Fin.)
